FIXING.

Autoists are complaining of bad amount through temporary suspensors between Blairmore and Coleman, and enquiries have been made at The Journal office as to the responsibility of the two towns. It appears to be a matter to be taken up jointly between these towns and the Highways department. This road is used extensively by local traffic and used extensively by local traffic and through traffic, and as it is the only highway to be taken care of, it should certainly be given prompt attention.

# **GUARD AGAINST "FLU"**

The moment you feel that you have a seriers cold or any symptoms of "Flu," consult a physician, for your own safety and the safety of those with whom you come in contact.

The better plan, however, is to guard against infections by preventive measures.

For this purpose thousands of people are enjoying the comfort of "Vapure" the new inhalant. A few drops on cloth, thoroughly inhaled at frequent intervals, will kill the germs of infection.

You will like Vapure, it is so pleasant to use, and most effective. We unqualifiedly recenned it A 50 cent bottle contains a hundred deses and can only be obtained at a Rexall Drug Store.

## The Evil Of Grain Mixing

Following the unsatisfactory result of grading the 1923 wheat crop of Western Canada, a veritable delaye or protest and complaint has poured in to Dominion and Infection of Protest and complaint has poured in the Dominion and Infection of the Protest and complaint has poured in Dominion and Infection of the Protest and Canada and Statistics of the Protest of the P

mixing rests, not with Governments or Wheat Pools, or Grain Commissions, but with the individual grain grower. The form of mixing to which reference is made is that indulged in by so many farmers of sowing seed of mixed varieties. Instead of sowing only pure seed of one good variety, the seed too frequently used is a mixture of different varieties, white wheats mixed with red wheats, with consequent loss in value of the crop harvested. Thus the original mixing takes place, not in country or terminal elevators, not on board ship, not in the world markets, but right on the farms of Western Canada.

Investigation over a, number of years has established the fact that certain varieties are best adapted to certain districts. This information is available to every farmer. It is his for the asking from his nearest Experimental Farm. He should secure this information and then sow the variety which grows best in his district. He may not be able to afford to purchase sufficient pure, registered seed, of that particular variety to seed his entire acreage this year, but he should get a few bushels of such pure, registered seed, sow it in a prepared plot, and thus increase his seed supply on his own farm.

registered seed, sow it in a prepared plot, and thus increase his seed supply on his own farm.

The frosts of last Fall make it necessary that all seed sown this spring be first tested for its germinating qualities. Strong germination is necessary in wheat, oats, barley and flax. Strong plants having healthy vilgorous roots withstand adverse conditions such as spring frosts, insects, disease, better than weak plants. Farmers will be well advised, therefore, to seen samples of their seed grain to their nearest Dominion Seed Laboratory and

samples of their seed grain to their nearest Doulnimon seed Laboratory and have it tested.

There is still another form of mixing on the farm which is even more disastrous, that is the mixing of weed seeds with the grain through the use of impure and not properly cleaned seed. Governments and railways combine to run special seed cleaning machinery demonstration trains through the country. Governments build seed cleaning plants. Nevertheless, tons of weed seeds see sown annually, as well as mixed varieties of grain, as was definitely playen by the sced drill survey conducted in Saskatchewan a couple of years ago.

Western Canada farmers must begin at the beginning in dealing with this mixing cyll. First, it is essential that all seed sown be of one good variety, thoroughly cleaned, with all weed seeds climinated, and tested to demonstrate its germinating qualities. With the groundwork thus laid for the production of clean, high grade grain, necessary further steps can and should be taken to preserve the identity, grade and standard of that grain all the way from the farm to the ultimate world market.

### Chinese Population In Canada

Chinese Population in Canada

Number Of Chinese Resident in
Dominion is Given As 55,769

According to reports tabled in the
House of Commons, three Chinese
Immigrants are admitted to Canada
during the fiscal year 1927-28, two of
whom were women. Two students
coming to attend Canadian universtites were admitted as non-immigrants. Eleven Chinese were deportted during the year.

The registration carried on during
1923-24 shows a Chinese population
ir. Canada of approximately 55,766.
Of this number, 48,505 were males,
1,302 females, and 6,698 children under 18 years of age, Of the total,
British Columbia had 31,116 Chinese
residents.

residents

The number of Japanese entering Canada in 1927 was 511, and in 1928 535. Of the total for two years, 273 were adult males, 557 adult females, and 216 children under 18 years of agc.

All the big nations have agreed not to go to war, so they are now building warships to give the sailors a ride.

Minard's Liniment prevents Flu.

## Reduce Aviation Expenditures

Fear
British estimates for government
aviation expenditures during 1993,
presented to the House of Commons
by Sir Samuel Hoare, air secretary,
total 381,000,000. This is a decrease,
of about \$250,000. In connection with the estimates,
Sir Samuel said the new airships,
the Perior and the R-101, should be
completed early in the financial year.
"The two airships should begin the
trials in the spring and I hope to see
the flights to overceas bases, such as the flights to overseas bases, such a Montreal and Karachi, achieved du ing the year," Sir Samuel added.

# Kaiser Cost Germany Millions Every Year

Sum In Salaries

Sum In Salaries

It has been figured that Germany
in the last 10 years has saved \$125,.
000,000 in salaries to the former
royal rulers of the empire. Before
the war the kalser cost Germany
\$2,264,000 a year. Then came three
kings—of Ravaris, Saxony and Wurtemburg—and seven grand dukes,
who cost Germany more than \$3,000,000. Beddes these royal "appointments" the other expenses of
the imperial system brought the annual expenditures up to \$12,500,000.
Of course there had to be big armies
and generally increased cost of royal
show under the royal government
but this further cost could hardly be
estimated.

# PARENTS UNDERSTOOD THIS BABY'S LANGUAGE

planned for trans-Atlantic diriplane service will be begun immediately, according to an announcement by Henry J. Glebow, Tac., naval architects. It is to be anchored about 300 our buby, teething," says a Kentucky miles at sea, half way between New Work and Bermuda.

The airport is to be a steel platform, 1200 feet long, 400 feet wide, and riding normally at least lof set above the surface of the occan. It is to be manned by a crew of forty-three men and will contain a machine shop hotel and restaurant, and radio beacon to guide planes at night. To hold this floating island in place there will be chains 21,100 feet long attached to specially designed sea anchors. Six hiousand tons of steel and 2,000 tons of iron will go into its construction, and its cost is estimated at \$1,500,000. ### Dump Valves For Passengers

Health Authorities Point Out The Necessity Of Treating The Simple Cold
At Its Beginning

Nearly every case of "Flu" starts with a simple cold. At first the
throat is sore—often just a little boarse—soon the infection goes lower—
then the chest is affected. A safe plan is to gargie the throat three times
daily with "Norrelline"—this will keep the throat free from germs. If there
is any sign of tightness in the chest, rub on Nerviline—every drop will
penetrate, deeply—congestion will be relieved—the cold will break upquickly. Many a dangerous case of "Flu" can be avoided by this simple
home treatment.

Of course it is always wise to take some relaxing medicine, and for this

### Up-To-Date Airport

micipal Field At Oakland, Cali-fornia, Has Every Modern

How many people realize that parking space for airplanes is sold in the same way as parking space for automobiles, in the down town areas of big cities. To take Oakland Municipal Airport at Oakland, California as an example, Over night

areas of big cities. To take Oakland Municipal Airport at Oakland, Californis, as an example. Over night ground rental costs one dollar per plene. Hangar space less than 1,000 square feet costs two dollars a day or forty dollars a month, while quotations for larger space up to an area over 2,000 square feet are charged at four dollars a day or seventy-five dollars a land. One can get a plane washed just as a car is washed for \$1.25 an bour. Mechanics are available at this airport for two dollars and three dollars and the same statement of the control of t

# take it! Tt's Safe

The nurse tells you to take Aspirin because she knows that it is safe. Doctors have told her so. It has no effect on the heart, so take it to stop a headache or check a cold. For almost instant relief of neuralgia, neuritis, rheumatism; even lumbago. But be sure it's Bayer—the genuine Aspirin. At druggists, with proven directions for its many uses.

### "Robot" For Nine Years

Expert Chess Player Fooled Patrons
Of New York Museum

Of New York Museum

The secret of perhaps the strang-est "nobot" ever exhibited in American has been revealed with the death of Peter J. Hill. Thirty years ago in New York city, the proprietors of a dime museum astonished their customers with an "automaton chess player." Thousands, including many internationally known players, tried in vain to defeat the "mechanical was." The robot in result was Hill. man." The robot in reality was Hill, man." The robot in reality was HII, masked and disguised. An expert chess player, he sat in the museum for nine years, shifting the pawns on board with jerky, mechanical move-ments, maintaining silence and keep-ing his secret from those with whom he played.

# MONDAY, MARCH 25th

IN SHOWROOM OF SENTINEL MOTORS, COLEMAN, ALTA.

Car Owners will secure valuable information from these moving pictures

What may be claimed as an entire musical novelty will be seen in Coleman with the appearance on Tuesday, April 9 of Edward Branscombe's most famous Westmister Glee Singers, who are known so well all over the English-speaking world. To these gifted performers the usual conventionalities of the customary concert programme are anathema. They have discarded them all and present their delightful music in fitting stage surroundings, with a charm and intimacy which are beyond all praise. The Glee Singers are a unique combination of boy sopranos and adults who specialise in old British music, without instrumental accompaniment, and sung with that perfection of blend and ensemble which has for centuries been the outstanding acquirement of English Cathedral Choirs. They are drawn from such famous places as Westminster Abbey, Worcester Carbards, 18 Ceorge's Windsor, and St. Paul's Cathedral, St. George's Windsor, and St. Paul's Cathedral, but it must not supposed that they confine themselves to sacred music. Their repertione of 180 pieces of part-music embraces all styles, and many of the delighter side is emphatically necessary, and to this end a large selection of humorous quartets, plantation songs, socal dances, solos with an accompaniment of voices, and many other novelties have been included in the repertoire. Of especial value will their singing be to church choirs, choral accieties, and schools, and in their prefection to which boys' voices can be brought.

Reserve your seats early at Rushtous' store or at Blairmore drug store.

Mr. and Mrs. LeGal left this morning for Vancouver, where they will live. For many years they lived on their ranch west of Coleman, which they sold last year, owing to Mr. LeGal being an invalid. Though confined to his bed, he has been given devoted care and attention by his wife, and it is hoped that the milder climate of the coast will give him some relief.

A big crowd attended the dance on Monday evening in the Italian hall.

HOUSE FOR SALE, Cow Barn, Chicken House and Garage. \$600 cash. Apply to W. B. Westworth, Carbondale.

# Of course you'll want Swift's Premium Ham or Bacon for Easter

Swift dealers everywhere have strengthened their stocks of Premium Hams and Bacon in anticipation of the big Easter demand.

They are ready to take care of your order.

We suggest that you arrange for your Easter ham or bacon at once, so that you may be sure of getting Premium.

Premium Hams retain their full flavor when served, because they require no parboiling before broiling or frying.

Insist on Premium when ordering. The splendid flavor and general high qualities will make it worth your while.

Make Sure of Premium for Easter
